

Dear USCIS Officer,

I am writing this letter in enthusiastic support of Dr. [Applicant's Name]'s petition for an EB-1A immigrant visa. I am the Vice President of Artificial Intelligence at NVIDIA Corporation, where I lead strategic research initiatives focused on GPU-accelerated deep learning.

Dr. [Name]'s original and high-impact work has directly influenced the trajectory of high-performance deep learning. Their research into distributed gradient synchronization and sparsity-aware computation has been instrumental in advancing the capabilities of deep neural networks. Several of their methods have been incorporated into CUDA-optimized libraries used in NVIDIA's production toolkits.

Their contributions are not only theoretically sound but have proven to be of critical value in real-world AI system deployment. The visibility and citation of their work in top-tier conferences, coupled with invitations to speak at international forums, are testament to their global recognition and leadership in the field.

In my professional opinion, Dr. [Name] is clearly among the small percentage of individuals who have risen to the very top of their field, and they unquestionably meet the USCIS criteria for extraordinary ability. I fully support their application for permanent residence under the EB-1A category.

Sincerely,

[Name, PhD]

Vice President of Artificial Intelligence
NVIDIA Corporation
