EB-1A RFE Risk Assessment Report

Date: 2025-07-28 16:58

📘 Table of Contents

📊 Risk Matrix

Criterion	Risk Level	Issues Detected
Criterion 1	**High**	4
Criterion 3	**High**	5
Criterion 4	**High**	4
Criterion 6	**High**	4

🧠 Rule-Based Findings

Criterion 1

> *Winner of the 2020 International NLP Pioneer Award. Given annually to a single individual for outstanding breakthroughs in machine translation and linguistic AI.*

- Missing expected detail: award name
- Missing expected detail: competition
- Missing expected detail: selection
- Missing expected detail: number of recipients

Criterion 3

> *Featured in The Atlantic and MIT Tech Review for her neural parsing models. Articles included interviews and described her influence on digital learning tools.*

- Missing expected detail: publication title
- Missing expected detail: media name
- Missing expected detail: author
- Missing expected detail: date
- Missing expected detail: quote about applicant

Criterion 4

> *Featured in The Atlantic and MIT Tech Review for her neural parsing models. Articles included interviews and described her influence on digital learning tools.*

- Missing expected detail: journal name
- Missing expected detail: review confirmation
- Missing expected detail: conference name
- Missing expected detail: dissertation

Criterion 6

> *Featured in The Atlantic and MIT Tech Review for her neural parsing models. Articles included interviews and described her influence on digital learning tools.*

- Missing expected detail: journal name
- Missing expected detail: impact factor
- Missing expected detail: peer-reviewed
- Missing expected detail: conference name

⚠️ Repetitive Recommendation Letters

No significant repetition detected.

✅ Editable Recommendations

Fix for Criterion 1:
"Consider rephrasing the excerpt to explicitly state the impact, significance, or national/international recognition."

Fix for Criterion 3:
"Consider rephrasing the excerpt to explicitly state the impact, significance, or national/international recognition."

Fix for Criterion 4:
"Consider rephrasing the excerpt to explicitly state the impact, significance, or national/international recognition."

Fix for Criterion 6:
"Consider rephrasing the excerpt to explicitly state the impact, significance, or national/international recognition."
